

QUELL

THE QUELL WORRY-FREE SMOKE ALARM

The Quell Worry-Free range of smoke alarms feature sealed lithium batteries that last 10 years, so you never have to worry about replacing a battery.

The Worry-Free alarms also feature location-specific sensor technology that addresses real world issues. Worry-Free alarms light the hallway in the event of a fire; they use proven voice alarms in the bedroom; and the kitchen alarms distinguish between cooking-related smoke and the sort generated by fire.

CONSUMER BENEFITS

- /// Location-specific technology
- /// Never replace the battery
- /// No late night battery chirps
- /// 10-year warranty
- /// Easy installation
- /// Australian Standard certified
