

## BEDROOM SMOKE ALARM

### Worry-Free™ Range

The Quell® Worry-Free™ range of smoke alarms provide a total smoke alarm solution for the home.

Each smoke detector is location specific, offering protection for bedrooms, living areas, kitchens and hallways.

### Protect your family

House fires develop in different ways and are often unpredictable. As smoke alarms have sensing limitations, it is recommended that both ionisation and photoelectric smoke alarms be installed to provide maximum detection of the various types of fires that can occur within the home.

Ionisation sensing alarms may detect invisible fire particles (associated with fast flaming fires) sooner than photoelectric alarms.

Photoelectric sensing alarms may detect visible fire particles (associated with slow smouldering fires) sooner than ionisation alarms.

Please refer to the user manual prior to installing any smoke alarm.

### Features and Benefits

- **Sealed-In lithium battery**  
Maintenance and hassle free with prevention from tampering and removal. The alarm is always on with no battery replacement required for the 10 year life-span of the alarm
- **Photoelectric sensor**  
Advanced sensor that detects visible particles associated with smouldering fires
- **Single scREW-mounting bracket**  
Enables quick and easy installation. Alarm is automatically activated once installed.
- **Smart Hush™ button**  
Temporarily silences nuisance and false alarms
- **Test/Reset button**  
Tests the alarm circuitry and horn. Resets memory after the alarm has sounded
- **Talking voice alarm**  
More effective at waking than a tone only
- **End-of-life signal**  
Chirps every 30-45 seconds to signal that alarm needs to be replaced
- **Deactivation switch**  
Disables the alarm to allow for safe battery disposal once the unit has reached the end of its 10-year life
- **10 year limited warranty**  
Provides peace of mind with a decade of smoke and fire detection.
- **Australian Standards approved**  
Complies with Australian Standard AS 3786:2014 incl. Amdt 1 and Activfire listed for quality assurance.
