

# BEDROOM / HALLWAY TWIN PACK PHOTOELECTRIC SMOKE ALARM

## Quell Smoke Alarms

Quell's range of smoke alarms provide a total smoke alarm solution for the home.

Each Quell branded smoke alarm is Australian Standard certified and comes with a 10 year warranty.

## Protect your family

House fires develop in different ways and are often unpredictable. As smoke alarms have sensing limitations, it is recommended that both ionisation and photoelectric smoke alarms be installed to provide maximum detection of the various types of fires that can occur within the home.

Ionisation sensing alarms may detect invisible fire particles (associated with fast flaming fires) sooner than photoelectric alarms.

Photoelectric sensing alarms may detect visible fire particles (associated with slow smouldering fires) sooner than ionisation alarms.

Please refer to the user manual prior to installing any smoke alarm.

## Features and Benefits

- Photoelectric sensor**  
 Advanced sensor that detects visible particles associated with smouldering fires.
- Test button**  
 Tests the alarm circuitry and horn.
- LED indicator**  
 Indicates standby, hush, alarm activation and low battery condition.
- 9V battery operated**  
 Provides continuous fire protection even during power outage. 9v battery is included with the alarm.
- Hush feature**  
 Temporarily silences nuisance alarms.
- 10 year limited warranty**  
 Provides peace of mind with a decade of smoke and fire detection.
- Australian Standards approved**  
 Complies with Australian Standard AS 3786:2014 incl. Amdt 1 and Activfire listed for quality assurance.
