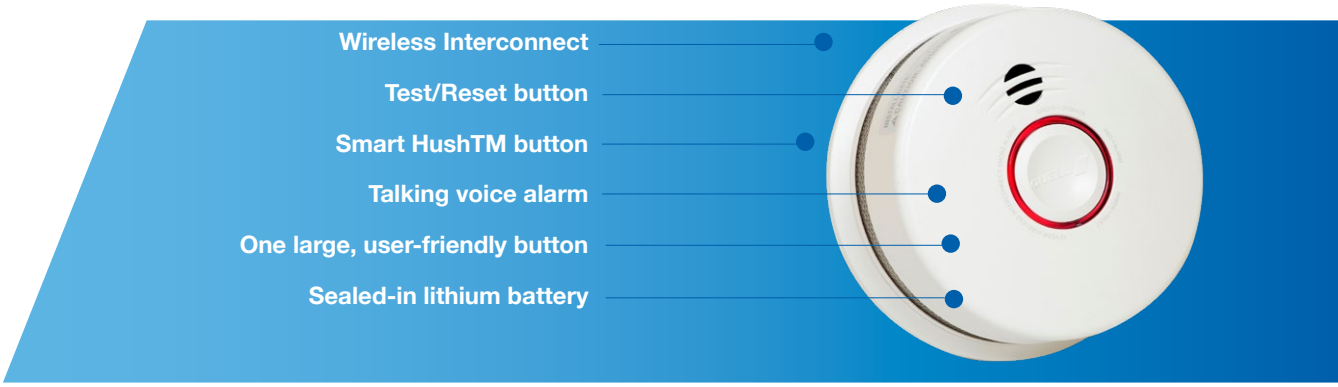
SAFEGUARD YOUR HOME WITH QUELL

WIRELESS INTERCONNECT SMOKE ALARM
LIVING AREA SMOKE ALARM

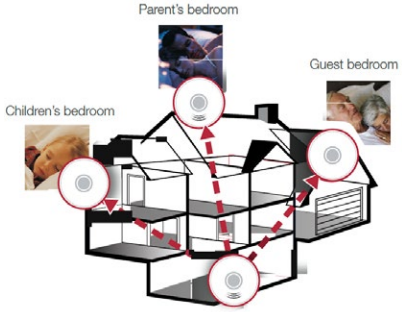


Wireless Interconnect Range

The range of Quell Wireless Smoke Alarms feature voice alert and wireless interconnectivity. Powered by a 10-year battery that lasts the life of the alarm, no battery installation or replacement is necessary. This alarm features wireless interconnectivity with other Quell Wireless Interconnect alarms, meaning if one unit is triggered, all interconnected alarms will sound. Wireless interconnectivity allows for easy interconnect setup and eliminates the need for expensive rewiring.

Each smoke alarm can be used in different locations through the house - including bedrooms, living areas, kitchens and hallways.

Innovative Features



Interconnected alarm detects fire somewhere in the home and triggers other Quell interconnected alarms in the network.

Note that you do not need an internet WiFi connection to use these alarms.

Features and Benefits

- **Wireless Interconnect**
  Wirelessly connect all your smoke alarms together on an independent, wireless alarm network (no WiFi internet required). Up to 24 Quell wireless devices can be connected.
- **Sealed-in lithium battery**
  Maintenance and hassle free with prevention from tampering and removal. The alarm is always on, with no battery replacement required for the 10-year life span of the alarm.
- **Photoelectric sensor**
  Advanced sensor to detect visible particles associated with smouldering fires
- **Smart Hush™ button**
  Temporarily silences nuisance and false alarms
- **Test/Reset button**
  Tests the alarm circuitry and horn. Resets memory after the alarm has sounded
- **Talking voice alarm**
  More effective at waking than a tone only voice message 'Fire'
- **End-of-life signal**
  Chirps every 30-45 seconds to signal that alarm needs to be replaced
- **Deactivation switch**
  Disables the alarm for safe battery disposal once the unit has reached the end of its 10-year life
- **10 year limited warranty**
  Provides peace of mind with a decade of smoke and fire detection.
- **Australian Standards approved**
  Complies with Australian Standard AS 3786:2014 incl. Amdt 1 and Activfire listed for quality assurance.

LIVING AREA SMOKE ALARM

Status Indicators

Easily identify the current state of your alarm with both visual and voice notifications.

GREEN
Indicates device is working.

AMBER
Indicates error with device.

RED
Indicates danger detected.

Product specifications

Product Code	137078
Model Number	Q4000DCS-WBL
Power Source	10-year lithium-ion battery (sealed inside the alarm). No battery installation or replacement necessary for the life of the alarm
Smoke Sensor	Photoelectric
Audio Alarm	85+ dB at 3 metres
Communication	Connect wirelessly via communication on the 915 - 928 MHz band
Size	145 x 142 x 142 mm
Weight	0.34 kg
Interconnects	Yes, wirelessly (no internet WiFi required)
Temperature	Operating range: 0˚C to 40˚C
Humidity	Operating range: up to 93% non-condensing
Warranty	10 year limited warranty
Certification	Activfire® listed. Complies with Australian Standard AS 3786:2014 incl. Amdt 1
